The Entrance to the Cutacombs is not more forbidding than a month dismattled of teeth. This disfigurement is, in most histonices, the consequences of a want of attention to them in youth, but is happily preventible, with Sozo four used, as a stump speaker once urged his auditors to vote, "early and often." This stude article is a throughly reliable staple article is a thoroughly reliable means of rendering the teeth orunnental and serviceable. The press and medical profession inderse it.
